Re. Counter Insurgency Tracker training

Dear Mr Sowry,

The South African Wildlife College [SAWC] has been offering Counter Insurgency Tracker training to Rangers in the Kruger National Park [KNP] for a year now.

The training was well arranged and offered. Those of the KNP Ranger corps who attended the different courses were without exception, well impressed and benefited tremendously in a much needed bush skill.

I sincerely hope that this involvement by the SAWC will continue, which should include re-training, thus helping the Rangers in the battle against rhino poaching.

May I use this opportunity to thank everybody involved at the SAWC for a very professional effort?

Kind regards.

Louis Olivier
